

Environmental Policy

Highland Fencing & Barrier Contractors Limited (HFBC) is a specialist company who supply and install vehicle restraint systems, parapets, temporary traffic management, security fencing, environmental barriers and all types of general fencing throughout the UK.

We recognise that our activities have an impact on the environment in terms of the use of raw materials, emissions to air and water, and waste generation. We seek to minimise this as far as is reasonably practicable.

HFBC is committed to:

- Continual improvement in its environmental performance.
- Preventing pollution.
- Compliance with all environmental legislation, regulations and codes of practice relevant to the industry sector in which it operates.

It is the policy of HFBC to:

- Make efficient use of natural resources by conserving energy and water, minimising waste and recycling where possible.
- Meet its duty of care requirements in relation to waste by ensuring the safe keeping, transportation and subsequent recovery or disposal of waste.
- Use recycled construction materials whenever these can be commercially justified.
- Keep transport use to a minimum and regularly service vehicles to maintain their efficiency.
- Work with suppliers to ensure they recognise and reduce the environmental impact of their products and transportation.
- Wholly support and comply with or exceed the requirements of current environmental legislation and codes of practice.
- Apply the principles of continuous improvement in respect of air, water, noise and light pollution from our premises and reduce any impacts from our operations on the environment and local community.
- As far as possible, purchase products and services that do the least damage to the environment and encourage others to do the same.
- Prevent pollution, reducing waste and ensuring, wherever practicable, that measures are implemented to protect and preserve natural habitats, flora, and fauna.
- Consider the effects that our operations may have on the local community.
- Take action to eliminate or reduce, as far as practicable, any potentially adverse environmental impacts ensuring effective and expedient incident control, investigation and reporting.

HFBC will review this policy on an annual basis, taking into account of any changes within legislation and our organisation, and other factors. We will communicate this policy to all our employees and ensure that they are given appropriate training to raise awareness of environmental issues.

HFBC will make this policy available when requested to interested parties including members of the public.
